CHAPTER I.

Introductory.

Jhalawar is an Indian State in Rajputana with an area of 810 square miles and a population of 96,182 (census of 1921). It consists of two detached parts. The main portion which comprises the Capital, Jhalrapatan, is serpentine in shape and is about 85 miles long and from 3 to 17 miles broad. It is bounded on the north and the north-east by the Kotah State, and on the other sides by the outlying districts of Gwalior, Indore, Dewas and Tonk States. The second portion is a very small tract, known as Kirpapur, situated between the outlying districts of Gwalior and Mewar States.

CHAPTER II.

Administration of the State.

The Administration of the State was carried on by Lt. Col. R. A. E. Benn, C. I. E., I. A., (Retd.), the Administrator, assisted by a Council comprising of the following members having charge of the departments mentioned against their names: —

1. Thakur Umrao Singh ji, Sahas Diwaker, Home & Military Member:—His Highness's Houshold, Stables, Atala, Guests department, Gardens, Karkhana jat, Army, Gunijan—khana and workshop.

2. Bohra Gobind Lal ji, Palace Member:—The Zenana Palace Department, Toshakhana, Oberi, Hawalas, Bera Zaifan and Festivals.

3. Bhaya Shadi Lal ji B. A., LL. B., Foreign & Judicial Member:—Medical Department, Education Department, Walterkrit Committee, Appellate Court, Diwani, Founjdari, Jail, Police, Stamps and Registration.

4. Thakur Sheo Nath Singhji, Finance Member:—Accounts office, Public Works Department, Treasury, Tribute, Pensions, Punyarth, Rozinadars, Travelling and Relations.

5. Pandit Shiva Kumar Chaturvedi, B. A. Revenue Member:—Revenue, Customs, Excise, Opium Forests, and Parganat.

Shri Maharaj Kumar Bahadur was directed by His Highness to attend the meetings of the Council and to work as a temporary Member during his absence on his Colonial Tour.

On the 7th January, 1925, the Chief Revenue Officer of the State was authorised to pass sentences of fine up to a limit of Rs 1000/-in offences pertaining to the Customs & Excise:

At the instance of the Chief Revenue Officer, the export duty on cows was reduced from Rs 7/-to Rs 3/-per head, with effect from the 20th April, 1925.

By an order of the Council dated the 11th May, 1925, the Jagirdar of Sedra was forbidden to exercise Civil and Criminal powers in his Jagir Village, a Privilege which he had appropriated to himself against the wishes of the Durbar.

Food grains imported into the State for the ultimate purpose of being re-exported were considered to be in transit for one week only, after which period the rule was that if they were re-exported the usual export duty was charged on them. This rule affected the import very prejudicially with the result that the scarcity of food grains was felt in the market for the greater part of the year. It was accordingly ordered on the 19th May, 1925, that any food grains imported in Jhalawar for the ultimate purpose of re-export could be held in stock for an unlimited period and re-exported free of duty at the importer's will—the holder on his part agreeing to part with such stocks at any time at market rates to meet local requirements.

It is most gratifying to note that the State has during this year been freed of all debts and other liabilities.

It is also gratifying to note that about 5 new villages have been populated this year.

CHAPTER III.

Finance Department.

Thakur Shiva Nath Singhji continued to hold charge of the Accounts Department throughout the year under report.

Budget:—The Budget for the Samvat year 1981 worked very satisfactorily so far as the financial result is concerned. The total ordinary receipts for the year amounted to Rs. 8,54,045/- against the estimate of Rs. 7,31,350/-, showing an excess of Rs. 1,22,695/-. The notable increases were under the following heads:—

1. Parganat	Rs. 35,325/-
2. Customs (Zakat)	" 51,037/-
3. Excise (Abkari)	" 15,404/-
4. Opium	" 14,000/-

The timely and well distributed rainfall, the satisfactory outturn of Kharif and Rabi crops including cotton & poppy and the steady reclamation of fallow lands, are mainly responsible for the enhanced receipts under the four heads noted above.

The other items on the receipt side for which no estimate was made in the Budget, namely, Hawalgi, Taqavi and Amanat were responsible for contributing Rs. 43,981/- to the actual receipts for the year under report.

The total actual receipts are summed up as follows:—

	Estimate.	Actuals.	Plus or Minus
(1) Arrears	4,000/-	3,727/-	-273/-
(2) Ordinary Receipts	7,27,350/-	8,50,318/-	+1,22,968/-
	7,31,350/-	8,54,045/-	+1,22,695/-
(3) Other items for which no estimate was made:—			
Hawalgi	36,166/-		
Taqavi	5,138/-		
Amanat	2,677/-		
	43,981/-	43,981/-	+ 43,981/-
(4) Opening balance	83,932/-	83,932/-	—
Total	8,15,282/-	9,81,958/-	+ 1,66,676/-

Dealing with the actual expenditure, it may be noted that the total ordinary expenditure amounted to Rs. 7,39,402/- against the estimate of Rs. 7,19,763/-, showing an excess of Rs. 19,639/-, the notable increases being under the following heads:—

1. Shri Maharaj		
Kumar—	6,639/-	Passage money from England.
2. Stables	9,544/-	Purchase of a Wolseley Car for His Highness and the settlement of a long standing bill of the French Motor Car Co. Ltd. Bombay.

3. Gifts & Rewards —	4,167/-	} Necessitated by a large number of weddings during the year.
4. Family Obligation —	8,754/-	
5. Festivals —	1,634/-	Enhanced expenditure on account of His Highness' return from England.
6. Travelling —	1,237/-	Touring expenses of His Highness in the districts.
7. Committee Patan —	455/-	Sanitation.
8. Rozinadars —	605/-	Pay of Pandit Shyam Shankarji's wife.
9. Gardens —	1,008/-	Purchase of Bullocks.
Total	34,043/-	

In addition to the 9 heads noted above P. W. D. also shows an excess of Rs. 7,054/-, but this excess is due to the fact that the amount advanced to the P.W.D. in Samvat year 1980 for the construction of certain works, was adjusted during the year under report and shown under the head P. W. D. along with this year's Budgetted Expenditure, which includes extra expenditure incurred during the year on certain unavoidable works such as general repairs etc.

Thus the total excess under different heads on the expenditure side amounts to Rs. 34,043 + 7,054 = Rs. 41,097. But as this excess has been partly covered by savings under other heads, it has dwindled to Rs. 19,639/-only.

The items of Actual Expenditure for which no estimate was made are as follows:—

1. Loss on War Bonds ...	Rs. 1,368-10-3	} Rs. 1,21,514- 7- 7
Deposited with Messers Binodiram Balchand in payment of loan ...	Rs. 1,20,145-13-4	
2. Amanat	Rs. 2,288- 3- 0
3. Hawalgi	Rs. 32,610- 2- 3
4. Taqavi	Rs. 6,080-0- 0
Total		Rs. 1,62,492-12-10

Item No: 1, i. e. Rs. 1,368-10-3 was due to Messers Seth Binodiram Balchand of Patan on account of the loss sustained by them on the sale of War Bonds purchased on behalf of His Highness during the Great War. This loss was made good to the Seths during the year under report, while the sum of Rs. 1,20,145-13-4 was deposited with the Seths to bear interest at 6 % per annum until the close of the financial Samvat year, 1982, when it was proposed to utilise the said amount of deposit together with the interest accrued due thereon in payment of the loan due to them by the State.

Amanat:—The amount of Rs. 2,288/3/- represents Amanat that remained with the different departments, undisbursed or unclaimed.

Hawalgi:—Out of the advances made during the year a sum of Rs. 32,610/2/3 remained unaccounted for by several Departments.

Taqavi:—During the year under report a sum of Rs. 6,080/- remained as recoverable from the cultivators out of the advances for *Taqavi*.

The total expenditure may be summed up as follows:—

	Estimate.	Actuals.	Plus or Minus.
(1) Budgetted expenditure ...	7,19,763/-	7,39,402/-	+ 19,639/-
(2) Extraordinary	1,21,514/-	+ 1,21,514/-
(3) Amanat ... 2,288/-			
Hawalgi ... 32,610/-			
Taqavi ... 6,080/- ...		40,978/-	+ 40,978/-
(4) Closing balance	95,519/-	80,064/-	- 15,455/-
	<u>8,15,282/-</u>	<u>9,81,958/-</u>	<u>+ 1,66,676/-</u>

The total estimated receipts during the year under report were reduced from Rs. 7,31,350/- to Rs. 7,04,794/-. This shows a decrease of Rs. 26,556/- which is accounted for by changes under the following heads:—

			Increase or decrease over last year's estimate being indicated by plus or Minus:—
1. Zakat (Customs)	+ 3,000
2. Abkari (Excise)	+ 2,000
3. Opium	- 30,000
4. Stamp & Registration	- 1,800
5. Gardens	- 550
6. Committee Chhaoni	+ 534
7. Committee Patan	+ 260
			<u>- 26,556</u>
		Net Result	

It was found possible to slightly raise the estimates under heads Nos: 1, 2, 6 & 7 while the estimates under heads Nos 3, 4 & 5 had to be curtailed. The most prominent decrease is under the head "Opium", which is due to the fact that under the orders of the Government of India poppy cultivation has been reduced by 50 %. The remaining slight decreases hardly call for an explanation.

The estimated expenditure for Samvat year 1982 has been based on the Budget estimates of last year, with this difference that a sum of Rs. 50,000/- which has hitherto appeared annually on the expenditure side of the Budget as a provision for the liquidation of debts, has been eliminated this year owing to the debts having now been extinguished. On the other hand two of the most important items, which could no longer be left out, had to be included in the estimated expenditure for Samvat 1982 namely (a) General increment of a few annas only per head (as funds would not permit more) to the more poorly-paid employees of the State, amounting to Rs. 12,162/-, and (b) Grade and other increments due to some people amounting to Rs. 14,971/-.

The figures of estimated expenditure for Samvat year 1982 have been arrived at as under:—

Last year's estimated expenditure	7,19,763/-
Deduct provision for liquidation of debts, now estinguished	50,000/-
			<u>6,69,763/-</u>
Add general increment (a) to low paid servants drawing Rs. 7/- or under @ -/12/- p. m. per head (b) to those drawing over Rs. 7/- and under Rs 10/- @ -/8/- p. m.	12,126/-
Grade and other increments	14,871/-
			<u>6,96,760/-</u>

The estimated expenditure was thus less than the estimated income by Rs. 8,034/-.

Total	3,195	2,981
Disposed of	2,617	2,383
Pending at the close of the year	578	598

Wages and Labour:—For some years the supply of labour has been very inadequate to the demand both in Towns and Districts with the result that the rates of wages have been showing a steady tendency to rise.

Grass and Fodder:—The supply of fodder was fairly good.

Weather & Crop:—The monsoon broke in late this year there being practically no rain in the month of June. But in the 1st week of July $1\frac{1}{2}$ to 3 inches of rain fell in nearly all the Tehsils which enabled the sowing operations to be commenced. The condition of the standing crop remained good upto the third week of August and then all of a sudden it began to rain incessantly with the result that the standing crops were greatly damaged. The Makka crop suffered the most as the weeding operations could not be proceeded with. The condition of the grain market was stationary.
